Dear Commissioner,

I have recently read Upton Sinclair's The Jungle in my junior English class here in Albuquerque, NM. I am very concerned that the issues discussed in great detail in his novel are still issues today. It has come to my attention that Docket # 98P-0151/CP1, the bill to prevent the meat processing of downed animals, will be decided upon soon. I strongly urge you to support this act, as it is in America's best interest and safety. Thank you very much.

Sincerely,

Dana Riechman
